Deep Tissue Massage

This technique focuses on the deeper layers of muscle tissue, working through slow strokes and deep finger pressure applied across the muscles to release chronic patterns of tension. The Art of Gua Sha is a 2,000 year old Chinese method of promoting lymph, blood and chi circulation. Its effect is achieved by stroking the skin in a particular way with a tool made of jade or water buffalo horn. (90 minutes, \$199).

Acupuncture

Presented by an experienced Licensed Acupuncturist, this ancient Chinese therapy helps restore balance in the body. Full Body Skin Treatments

Our polishes (scrubs) and wraps or masques can be tailored to your skin's special needs. You and your therapist will assess your skin type, home climate, activities and more to assist in choosing the perfect products for you. From our Sedona Sojourn herbal products, to salt, sugar scrubs (polishes) to honey, mineral or mud masques (or wraps) - each treatment is unique. Some products may depend upon seasonal availability.

Sedona Sunrise Scrubs and Polishes

Exfoliating the top layers of dry skin promotes new cell growth and increased circulation. Our specialized herbal scrubs from our local bioregion will exfoliate the skin to cleanse, replenish, and soften your skin, leaving you feeling refreshed and your skin smooth and glowing. It's also a perfect beginning to one of our wraps. (30 minutes \$70)

Sedona Sunset Dry Wraps

Treatment begins with a dry brushing, stimulating the lymph and circulatory systems as well as exfoliating and preparing the skin to receive wild crafted herbs infused

in vitamin rich oils of jojoba, sesame and sunflower. You are gently wrapped with warm tea sheets which have been infused in those same wild crafted herbs, leaving your skin fragrant, silky soft and wonderfully touchable. As the product works its magic upon your skin, your therapist will massage your feet, hands, neck, shoulders and scalp. (60 minutes, **\$110**)

Masques

If a heat treatment is inappropriate, you can still enjoy all of the benefits of our wraps with a wonderful masque! We use the same products you would for a wrap, but let the effects work without the application of a heat pack, thus allowing for gentle absorption of herbs and nutrients into your skin. (60 minutes, **\$110**)

The Ultimate Experience

Experience the Ultimate Full Body
Skin Experience
Sedona Sojourn

The essence of Sedona Sojourn is created from organic oils and wild crafted botanicals from our bioregion. Each batch is unique and hand made by a local herbalist. In the not so distant past, Native Americans in the Sedona Oak Creek and Verde Valley area prayerfully harvested high desert herbs to cleanse, exfoliate and nourish the skin. The herbs are seasonally chosen, ethically gathered, infused in organic oils and combined with rich, mineral pure desert salts. Our specialized scrub will exfoliate, cleanse, replenish, and soften your skin, while our hydrating heat wrap allows the moisturizing and healing effects to penetrate, leaving the skin fragrant, silky soft and wonderfully touchable. (90 minutes, **\$165**)

*“My skin hasn’t felt like this since
I was a baby!”*

That's the comment usually heard from clients after the "Desert Dream" treatment. A rejuvenating combination of one of our polishes and one of our wraps (or masque) leaves the skin silky-smooth, improves circulation, relieves tension, and brings you into a state of stress-free bliss. (90 minutes, **\$165**)
